Forecast for Tuesday 29 Jun 2021

Weather: Any low cloud soon clears to leave another fine, dry day with good spells of sunshine. Cloud and patchy drizzle may return to northern and eastern hills again in the late evening.

Chance of cloud free mountain/hill tops above 800m: Around 25% at first and again in late evening over northern and eastern hills, otherwise close to 100% through much of the day with little or no cloud below the summits.

Visibility: Very good, perhaps several kilometres in any drizzle in the north and east at first and again in the late evening when periods of cloud above 300-450m possible
